Notice of Replacement Prospectus

Atlantic today lodged with ASIC a Replacement Prospectus for the fully underwritten renounceable rights issue announced by the Company on 31 March 2009.

The main changes in the Replacement Prospectus are the insertion of an additional risk in section 6.3 and an amendment to the first paragraph of the Chairman's Letter. A number of other minor consequential changes were also made.

Neither the timetable for the rights issue nor the Underwriting has been affected by the lodgement of the Replacement Prospectus.

Sincerely,

JULIE FIDLER
Company Secretary
